

How to find the right MBA

1

Follow your passion

“Do what you love, and you’ll never work a day in your life.” Even if the quote may sound a bit cliché—there is some truth to it.

Are you passionate about clean energy? Then the MBA Renewables programme may be right for you. It is the first distance-learning MBA programme focused on renewable energy and energy efficiency that will help enhance your career prospects.

2

Look at the big picture

What will the MBA programme help you achieve? Learning about the goals of an MBA programme will help you make a decision.

The MBA Renewables will enable you to boost your career in the renewable energy sector – whether you’re new to it, experienced, or an entrepreneur.

3

Study from any location

When thinking about which MBA programme is right for you, you also have to think about how it will fit into your life.

MBA Renewables is an online programme, so you choose where and when you study and learn. This offers plenty of flexibility.

4

Make new contacts

An MBA should connect you to a network of valuable contacts around the world.

MBA Renewables students and alumni are professionals who are located all over the world. There is a LinkedIn group that can give you an opportunity to connect with the MBA Renewables community.

5

Ask questions

To make sure you find the best programme for you, you will have to do a lot of research and compare different programmes.

The MBA Renewables team is happy to answer your questions. Please don’t hesitate to contact us via email or to visit our website

6

Check the requirements

Each MBA has different admission criteria and requirements.

MBA Renewables requirements include: proof of a first university degree, proficiency in English, and 1 to 2 years of professional experience after your first degree.

7

Remember the deadlines

It’s important to hand in the necessary documents on time in order to be accepted for a study programme.

To be considered for spot in the programme, it’s important to submit the necessary documents before the deadline. The MBA Renewables application deadline is 15 July. The programme starts each year in October.
